8. The October half term workshops (Halloween peg figures and Autumn sun-catchers):

- extremely popular and well received, demand meant YHC added extra workshops and the upstairs gallery to ensure numbers adhered to the safe maximums.
- Publicity is working and the events are popular on social media
- approximately 16 families went onto a waiting list due to sessions being fully booked
- thank you to the Heritage Education Assistant for managing these workshops so well!

9. The Yate Academy art display returned to YHC, last exhibited in 2019. YHC hosted its first preview since January 2020 and the exhibition has been well received by the public.

10. YHC had its first in person Family History Day since early 2020

2. Challenges:

- Volunteer capacity - some regular volunteers are still shielding or unable to return.
- many family history visitors are not yet ready to return to sessions
- YHC talks (in person) are at approx. 50% of capacity pre-March 2020 (about 15 attendees on average). Capacity at Poole Court is over 30 for Heron I, most regular attendees have indicated they feel safer in groups with low numbers indoors so YHC have been mindful of this when promoting and booking spaces.

3. Opportunities/Future plans:

- New volunteer recruitment is ongoing, YHC are slowly starting to see some new faces.
- There will be the first Archaeology Finds Day since 2019 (November 6th)
- Livestreaming remains a possibility subject to funding from MAF
- Collaborative activities with Yate Aging Better and the Pop Inn and other YTC departments remain serious ambitions.
- YHC is committed to working with St Mary's Church on the Platinum Jubilee event in June 2022. The basic plan for this event has been discussed and a funding bid will shortly be submitted.
- This is Your Heritage remains ongoing and two oral history interviewees from the South Asian community in Yate have been identified as participants.

4. Finance/Business/Governance/Committee updates:

- The YHC Management Committee AGM will be taking place on the 1st of November and the next trust meeting in mid November.

5. COVID service updates (unlocking):

- No updates

Armadillo toilets updated Officer report

Background

At Environment and Community Committee meeting on 10th March 2020 it was minuted:

7/2 Armadillo - Armadillo Venue Operations Officer's Report

*The Armadillo Venue Operations Officer's Report was received and **NOTED**. (Appendix 1)*

*The following was **RESOLVED**:*

- *The availability of gender neutral toilet facilities is supported in principle (subject to grant funding). Details of options to achieve this (such as plans and costings) to be provided to the next meeting of the Environment and Community Committee;*

At Environment and Community Committee meeting on 19 January 2021 it was further minuted:

7.2 Armadillo Venue Operation Officer's Report

*The Armadillo Venue Operations Officer's Report was received and **NOTED**. (Appendix 1).*

RESOLVED;

- *The request for gender neutral toilets and additional meeting room space to be added to the project list; no research work or action to be undertaken until this reaches the stage that the project can be pursued;*

Current Context

Since July 2020 Armadillo has gradually seen the return of customers and community groups to the venue. During the return to pre-pandemic service the need for toilet improvements has been revisited, prompted by comments and concerns raised by customers, accessible and comfortable hygiene facilities are high priority and concern for the Armadillo Team. Plans for reopening the venues and services are moving forward consistently, lighting and flooring replacements have also been confirmed to conclude in 2021 therefore, the team are in a position to pursue this as a project.

1. LGBTQ+

Armadillo customers identifying as LGBTQ+ have identified concerns with the gendered (male/ female) toilets. The accessible toilet is gender neutral but asking customers to use a separate facility on grounds of gender makes visitors feel uncomfortable, and they do not feel recognized.

Adjusting the current female toilets to provide a combination (bank of) gendered and

gender-neutral toilets in the general facilities area will foster an inclusive environment, it will show the community that the Town Council cares about diversity and is progressive when providing facilities for the community.

2. Venue improvements

The Armadillo is a popular community building servicing thousands of customers in the local community and from further afar. Armadillo is approaching a 10year anniversary and the original toilet facilities are showing significant signs of wear and tear.

Facilities in both male and female toilets are not suitable for use due to need for repair (beyond a quick fix), and design problems that have resulted in health and safety issues. Wear and tear in the facilities makes it difficult to keep facilities clean and looking well maintained; as well as unusable facilities, floors are lifting and require replacement, some sinks are cracked and sink units are very difficult to clean. The facilities do not feel comfortable for users and do not portray high standards of hygiene.

Female toilet image 1: Full facility

Female toilet image 2: Unusable facility due to removed door, repeated damage and safety issues resulted in door removal.

Male toilet image 1: Full facility

Male toilet image 2: urinal out of use due to health and safety, and misuse.

3. Therapeutic and wellbeing facilities

Prior to the COVID19 pandemic, the Armadillo team identified a need for increased facilities within Armadillo, to facilitate therapeutic and wellbeing services. Following the pandemic, the need for these spaces has increased greatly in the community and within the Armadillo youth service.

The current male toilets at Armadillo are underutilised by customers, many males use the accessible toilets as facilities feel safer and more private. Due to the location and services available in the male toilets, this space would make an ideal therapy/ quiet room, for community groups and Armadillo youth to use for targeted wellbeing work.

4. Recommendations for next steps

It is **RECOMMENDED** officers seek accurate costings for conversion of the Armadillo toilets for further consideration, cost to include:

1. Conversion of the female toilets to include gender neutral facilities;
2. Conversion of the male toilets into a therapy and wellbeing room.

It is further **RECOMMENDED** officers identify opportunities for external funding to support the costs of conversion of the toilets, opportunities to be returned to E&C for consideration.

2.1 Project purpose

Provide a concise description of the purpose of your project, detailing what it will achieve and how it will benefit the high street based upon the themes in the guidance notes

This project will enable Yate Town Council to work with local stakeholders to highlight and celebrate the two priority neighbourhood local high streets, in a bid to encourage residents to shop locally and to raise awareness of the wide range of community facilities offering opportunities to engage in.

Currently there are Yate Masterplan workshops taking place, which have enabled us to understand the current/immediate needs of the community and further strengthen our ongoing vision of developing Station Road and Abbotswood in a way that is positively reactive and deliver these solutions in a timely manner.

Challenges identified (by us and feedback from the SWOT analysis undertaken within the Yate Master Plan workshops):

- Losing local businesses due to the cycle lane impact, restriction in parking/accessibility to Station Road shops and community facilities;
- Both Abbotswood and Station Road benefit from a 'Grab and go' culture which doesn't engage many locals;

- Historic stigma has seen places such as Abbotswood as an 'unsafe' space to spend time in (a ban on groups gathering in public was introduced years ago to prevent antisocial behaviour);
- Lack of knowledge of what exists at Station Road and Abbotswood.

This project will strengthen the existing works we are undertaking to both locations (play area installation and community events at Abbotswood and Station Road Corridor improvements including acquiring and improving the accessibility of the YMCA on Station Road). Like participants of the Yate Master Plan workshops, we want to see more visitors to both areas, engaging with local businesses, community groups and spaces, and other people/residents within the area. With a focus on improving the environmental impact and look of both areas.

Reviewing the feedback from the Yate Masterplan workshops, it is clear that the community have lots of ideas on how we can reinstate 'Old Yate' as an identity of the two destinations that provoke the association of local, fresh, friendly, sustainable and affordable shopping.

The workshops have identified the need for engaging more local providers/businesses on our high streets, a local café facility, allotment/garden spaces (plants and trees being a popular suggestion by participants and locals) & improving safety.

How:

- work with the Yate Master Plan team and other local stakeholders to review live feedback and issues raised by local residents and participants;
- create social media identities to raise awareness of both high streets;
- organise community events to raise awareness of the facilities and their offerings locally;
- Undertaking accessibility works to the YMCA community kitchen to provide an accessible, safe local café space to encourage local residents to spend more time and engage with one another at their local high street destination;
- setup an Artisan market drawing residents into community venues/spaces whilst giving them the opportunity to support local providers, significantly reducing their carbon footprint;
- adding an external defibrillator and e-scooter parking area on site at Abbotswood, improving the safety of the site and encouraging more 'green' forms of transport;
- creating and landscaping an accessible community garden/small allotment site at the YMCA on Station Road (offering opportunities to 'grow your own' and seek wellbeing support).

2.2 How many jobs will be protected or created as a result of this project?

We are confident that bringing new businesses and a local café space to the Station Road area would increase the opportunities to volunteer (improving employment skills and experience and artisan traders would increase their revenue.

We are unable to quantify how many jobs the projects would create/protect but could undertake this in due course should funding be awarded.

Without these project works there is a definite possibility that local business may be lost, especially due to hardships of the pandemic.

2.3 Which high street will your business or community organisation enhance?

We are proposing the enhancement of two local high streets, both in priority areas of Yate:

- Station Road Corridor
- Abbotswood Precinct

4 Strategic value

4.1 There are four main fund themes; indicate which of these your project will contribute to (*refer to guidance notes*)

LOHS grant themes	Your contribution
Diversified and densified high street mix	
C21st / Future focussed high street that maximise the use of new technology	By installing an e-scooter parking shelter at Abbotsood, the project will support those locally hiring/using these relatively new form of transport to visit and spend time at the local shops and facilities.
High Street that supports localism and social inclusion	By creating an accessible community garden at the YMCA on Station Road, this will provide an opportunity for residents of the local priority neighbourhood to take part in gardening activities and learn to grow their own food. This facility will not require membership or fees, as a normal allotment site might request. This removes any financial barriers and encourage those at risk of social isolation to spend more time at the heart of the community whilst supporting local businesses.
Growth of existing employment centres	
Supporting community, independents and small businesses	With parking on Station Road being significantly minimised due to the installation of yellow lines and cycle lanes, the access to the shops has become much more of a challenge for those visiting. By promoting these local independents and encouraging new small business ventures to take part in our Artisan market we can support them to grow.

5 Permissions and insurance policies

5.1 What insurance cover does your organisation hold? Please indicate the value of cover against all that apply.

Buildings and contents	£13,200,000	Employers' liability	£10,000,000
Public liability	£15,000,000	Officials indemnity/financial loss cover	£15,000,000
Other (please specify)	Hirers Liability £2m, Libel & Slander £250K Motor Vehicles £100K per insured incident, Plant Protection £500k, Fidelity £5m, Legal Expenses £200K (contract disputes £5K limit) and Personal Accident £500K any one person and £2m any one incident.		

6 Monitoring and evaluation

6.1 Outline the plans you will put in place to monitor and evaluate your project so that you can track expenditure, delivery and service improvement. Also comment on what systems you will put in place to support this monitoring so that you can report your achievements to the Council.

We will monitor our success via:

- social media engagement and feedback;
- attendance numbers at community events;
- feedback from local independent shops;
- feedback from traders and visitors of the Artisan market.

Finances will be handled by our finance department via a traditional 'income/expenditure' spreadsheet, visited regularly to ensure the project stays on budget.

Performance Monitoring Form

For quarter period from: Jul 21 to: Sep 21

Please return to:	Community Projects Manager Yate Town Council Poole Court Poole Court Drive Yate South Gloucestershire BS37 5PP info@yatetowncouncil.gov.uk 01454 866506
<p><i>Please return as soon as possible after the quarter period ends.</i></p> <p><i>Failure to supply the monitoring information by the due date could affect future payments.</i></p>	

1. Overview of quarter

1.1 Brief summary of service performance over the last quarter.

Please provide a brief report covering the number of sessions delivered, attendance figures and footfall for all sessions, successes of the engagement process, details of any challenges and a clear strategy to address any challenges moving forward, and a list of where the detached youth work has operated in the last quarter.

St Nix As we have the past 2 years we have continued to open St Nix over the Summer Holidays and run it year round instead of Term Time only.

St Nix has seen a big change this quarter with our regular group who have attended over the past few years finishing school and starting jobs, meaning their attendance has become sporadic, although they did tell us they wouldn't be attending anymore at all they have continued to stop by and stay for some sessions. We did have a small party for them on Results day, as they had all contacted us to say they were going to pop by and share their results with us. Their GCSE years at school have been due to Covid they all did exceptional and were really proud of themselves and each other.

The departure of this group has meant we have been able to open up the session to other young people, without having to worry about the group scaring them off as has happened before, during the Summer Holidays we opened the sessions up to all

young people who were attending our Holiday Activities and Food Sessions which meant we had a really lovely mix of ages and backgrounds.

On a Tuesday we have had a much smaller group attending however this is due to their needs from the session, with focused work around Sexual Health and support around healthy relationships- this has been some really positive and impactful work.

Detached

Detached has seen the biggest rise this quarter, allowing us to start building some strong relationships and starting some project work.

At the beginning of the quarter there unfortunately was some sessions that could not run due to a member of our staff testing positive for Covid. This unfortunately affected our Monday night detached session as we were unable to get these sessions covered due to staff running other sessions.

On a Friday night we have been working with a regular group of between 8 and 12 who hang out at the Witches Hat skate park, we have asked them for input into our planning for the Peghill Anniversary Celebration and they are keen to attend and to possibly plan something in the future at The Witches Hat too.

As always we did see a rise over the summer of drinking and smoking on an evening in parks as the nights were lighter and groups were allowed out later- whenever we see this we make sure that everyone is safe and say hi and have a brief conversation about personal safety and safety when drinking in a group and encourage the group to tidy up after themselves, we will then sometimes arrange to meet the group again at another point when they are not drinking/ smoking and promote our youth club sessions.

Although we haven't seen anyone engaging in the use of NOS, we have seen an increase in NOS canisters in most parks so we have also been talking about the dangers around its use.

It has been really lovely being able to use the Urbie to its full potential again, with the Escape Room and games consoles always popular.

We have also arranged with our PCSO Helen May to do a joint project in the coming weeks, when they have their Friday night on duty to promote a positive relationship with the local PCSOs and also to see any issues they may be facing on an evening.

Brimsham Yr7 Night

As this session is Term Time only we have fewer sessions during this quarter due to the Summer Holidays, the last term of the 2020-2021 academic year we opened the session up to year 6s in a bid to get our numbers up and build the group ready for this year. This worked really well and has meant that this term we have started the year with a group we already have a relationship with and they were able to join in with our Summer Holiday activities.

Staffing challenges

We have faced vacancy challenges, also reported by our other youth work partners of the South Glos partnership. We are happy that we have managed with our current team to run nearly all sessions, without closures during this period and now have 3

team members joining our staff across the week starting over the next 2 weeks as well

4. Young People Feedback and Participation

Tell us how you are collecting and using feedback from and participation with young people to shape and develop the service.

Social media- We use polls on our Instagram page to directly ask for input

During sessions- We regularly ask for input on what young people would like to do at the beginning of every term which we then use when we plan our sessions.

We also ask for input when young people give us feedback during sessions, for example when doing our recent project on Pride Flags we were working with a group of young people who had more questions around specific gender identities so we planned a full session the following week around this.

5. A Forward Plan

We shall also be working with Lucy Ladbrooke on an art project in Yate. The project forms part of an engagement programme, which runs alongside a new public art project at the Ladden development in North Yate.

On August 20th, Peghill turned 20 and so we shall be working with YTC to celebrate this with a BBQ and celebrations in the Skate Park on October 15th, unfortunately the original event was postponed during the summer due to weather issues.

We shall be reaching out to all local schools in an effort to promote and grow all of our sessions.

In October we shall be doing our first joint detached sessions with the PCSOs in an attempt to promote positive community relationships.

During the Christmas holidays we shall also be running another HAF project offering trips and sessions offering food and activities to those on FSM (free school meals).

6. Added Value

Are there any additional services that LPW provides in addition to the contracted service, that compliments or “adds value” to the project. If so, please describe overleaf.

Dear Hayley

Re: Yate and District Twinning Association

I am writing to inform you that, at its Annual General Meeting on the 1st October 2021 members decided on constitutional changes to enable the association to go into hibernation.

Two officers were elected Chair, David Hardill and Secretary Ruth Boulton , one meeting, the AGM will be held a year.

A pro tem treasurer was appointed and the bank accounts closed, because of local branch closure and proposed excessive bank charges.

It was also agreed that the association will continue to lay a wreath on Armistice Day.

Should the Town Council need our services in the future providing hosting for visitors we will be available to assist.

It is sad that we have reached this stage after nearly forty years, but with most of our members ageing and our efforts to attract younger members failing, it cannot be avoided.

Yours sincerely

Martin Monk
